

Your companion workbooks

This is your delivery guide. The workbooks you purchased arrive in a separate licensed ZIP.

1. Check your purchase email

After your paid order is verified, we prepare the companion PDFs for the collection and age groups shown on your order. A private download link is emailed to the adult email used at checkout. Estimated delivery is about 15 minutes; queues or email-service delays can take longer. Check spam and contact support if nothing arrives after 30 minutes.

2. Save the ZIP before opening it

The private link lasts 30 days and allows one authorized download transfer. Open the private page and choose Download my materials when you are ready to save the ZIP. Extract the PDFs and keep them somewhere you can find them.

3. Print or fill in your workbooks

Download your materials, then print them or fill in the worksheets on your device. Save your work as you go. Use a PDF reader that supports fillable fields. Close and reopen a saved worksheet to check your answers. Calculations are entered by hand.

4. Keep the two collections separate

App Companions follow the online learning programs. Ebook Companions follow the entrepreneurship ebooks. A companion purchase includes only the PDF collection and ages selected; it does not include ebooks, app enrollment, membership, coaching or printed supplies.
